MANAGEMENT DISCUSSION & ANALYSIS

Indian Economy overview

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organization (CSO) and International Monetary Fund (IMF). The Government of India has forecasted that the Indian economy will grow by 7.1 per cent in FY 2016-17. As per the Economic Survey 2016-17, the Indian economy should grow between 6.75 and 7.5 per cent in FY 2017-18. The improvement in India's economic fundamentals has accelerated in the year 2015 with the combined impact of strong government reforms, Reserve Bank of India's (RBI) inflation focus supported by benign global commodity prices.

Government Initiatives:

The Government of India announced demonetization of high denomination bank notes of Rs 1000 and Rs 500, with effect on November 8, 2016, in order to eliminate black money and the growing menace of fake Indian currency notes, thereby creating opportunities for improvement in economic growth.

In the Union Budget 2017-18, the Government has verified that the major push of the budget proposals is on growth stimulation, providing relief to the middle class, providing affordable housing, curbing black money, digitalization of the economy, enhancing transparency in political funding and simplifying the tax administration in the country.

Economic prospects

According to The World Bank, the Indian economy will likely grow at 7% in 2016-17, followed by further acceleration to 7.6% in 2017-18 and 7.8 per cent in 2018-19. Demonetization is expected to have a positive impact on the Indian economy, which will help foster a clean and digitized economy in the long run.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behaviour and expenditure pattern, according to a Boston Consulting Group (BCG) Report; and is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by the year 2040.

Industry Overview

Warehouses refer to storage facilities where goods are stored until they are dispatched to customers and end-users. The time lag between production and consumption of goods necessitates the existence of warehouses for the temporary storage of goods. For instance, certain goods are produced only during a particular season but consumed throughout the year. Similarly, certain goods are produced throughout the year, but has demand only during a particular season. Thus, warehouses play an important role in maintaining the quality of products and minimizing wide fluctuations in the prices of goods. Additionally, value-added services such as packaging, sorting, grading, kitting, bar coding, and reverse logistics can be carried out at warehouses. Modern warehouses equipped with the modern IT systems can also track inventory and management of orders, product data and storage.

The Indian logistics industry was valued at an estimated US\$ 130 billion in 2012-13. It has grown at a CAGR of 16 % over the last five years. The industry comprises the following main segments:

- Freight and passenger transportation via road, rail, air and water
- Warehousing and cold-storage

warehousing segment¹. Warehousing also includes cold storage, comprising over 5,300 units; most of which are concentrated in the states of Uttar Pradesh, Punjab and West Bengal. According to the Ministry of Agriculture, at present, the cold chain capacity is about 9 million tonnes.

We have audited the internal financial controls over financial reporting of CENTRAL CABLES LIMITED (“The Company”) as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and operating effectiveness of internal control based on the assessed risk. The procedures selected depend upon on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issues by the Institute of Chartered Accountants of India.
